Mike,

You would not have to feed all 3,000 people. That's just the number of passengers that will be on the ship. We plan on activating as many of the downtown restaurants as possible too. For example, the Crowne Plaza will also be offering food at that early morning hour.

What we don't know is how many of those passengers will have eaten some breakfast on the ship before disembarking.

We are also waiting for confirmation from Princess Cruise Lines on the details since the person I arranged all of this with just moved up north.

Either way, I can set up a meeting with Henry at his convenience.

Best regards,

Lorena Parker

Since that's Good Friday, we're already expecting to serve at least 9000 people from 11am to 9pm, so one of the biggest costs will be the overtime since we'll need nearly everyone to work a double shift that day.

What I suggest is setting up a meeting with Henry and Tommy ASAP to work out how we can make that happen....more Henry than Tommy, because Tommy isn't much for planning, he prefers mildly controlled chaos and that not gonna work in a narrow 4 hour window with 3000 meals. I'll help where I can, but all of the operations will need to be ok'd with Henry.

I'm not sure if you are aware that there is a ship coming into town on April 14th who will disembark 3000 Chinese tourist at 8am and needs them back at 12 noon. As you know we have enough seats in the immediate area to serve at most a couple hundred people breakfast.

> Due to the quality of your operation, it's size and the fact that you are in a reasonable walking distance I thought you could show these tourist and the cruise operator that SP is a great Port O' Call [no pun intended…]. Would you consider opening up the Fish Market at that hour? Let's talk if you have any questions and I will put you in touch with the folks at the Pbid to work the details out.
